50 Years of DX-cellence

BULLetin

No. 11 December 1998

Next Meeting
Christmas Party!

Thursday, December 12th at The Proud Bird, 11022 Aviation Blvd., Los Angeles, California, 90045. Doors open at

6:30 PM, Dinner is served at 7:30 PM. Incredibly entertaining program begins at 8:30 PM. Stupendous raffle at 9:30 PM. Load your winnings into the trunk at 10:00 PM. Tearful farewells in the parking lot at 10:15 PM. Headed home at 10:17 PM. Check packet at 10:30 PM. Feed gerbil at 10:50 PM. Eat cold turkey leg at 10:55 PM. Brush teeth at 10:59 PM. Bed at 11:00 PM.

Secret Trekkers to Spill Guts at Xmas Fest

By Ragnar Pflegm, *BULLetin* Staff Writer

DXpeditioners, Left to Right: N6RV, N6RT, N6ED and K6RO sign confessions at the Ministry of Propaganda and Storage. They were released twenty-four hours later. (Surveillance photo hacked from Internet.)

When the *BULLetin's* request for information about the recent FG/Guadeloupe expedition by SCDXC members went unanswered, we attributed it to the usual apathy toward the club organ and went about our business. We were wrong. There was more. Much more. Sometime in October or November, petty criminal Mansard Depesché was arrested in Pointe-à-Pitre, incarcerated at Maison-à-Crooquez. From his tiny stone *chambré*, Mansard could just discern the sounds of interrogation and torture. Although his English is quite limited, Mansard told this reporter that a group of *Amériquens* had been kidnapped by the secret police.

An alleged splinter group of separatists, loyal to the Société Abolitioniste of Viktor Schoelcher had been said to be plotting to weaken the French hold on the island by dumping the entire supply of tiny paper umbrellas in the harbor, thus ruining the tourist business.

"Zey were arrested by ze *Flecques* and made to zign ze confessioné," Mansard recounted. It was a case of mistaken identity for sure, but the Secret Police was in no mood to be proven wrong. Stripped and paraded through the streets, the DX'ers were subjected to beatings and humiliation. Cast into a damp, rat-infested

(Continued on page 4)

Pflegm to Take Rooter Post

BULLetin political analyst, Ragnar Pflegm will be the first staff member to depart in the wake of announced changes in January. Pflegm will edit Roto Rooter's epistle, The Weekly Effluent.

"It's an opportunity, a chance to spread my wings," Pflegm stated, "the *Effluent* has a

Ragnar Pflegm says he looks like Marconi

President's Soapbox

by Will Angenent, K6NDV

It's Christmas time, hope you all had a nice Thanksgiving and lots of food. The bands are in "bloom" again and there is rare DX to work. I have even heard Tromelin a few times, with a big pile up, of course (I think this is the last one for Joe, K5KT other than the P5). XZ1N is going strong as does the "police" - what a mess.

Harv, K6EXO, just sent a packet message that there are over 10,000 DX spots on the cluster in the month of November, a new record. Looks like the sunspots are up.

This year's Christmas Party promises to be a good one. I know the FG group has been working on a "FB" presentation for the evening. We also have big prizes for our raffle. Our main prizes will be: An Alinco HF and 6 meter mobile radio, the DX-70T, a Force 12 C-3 10/15/20 meter antenna (will work also on 12/17 meters), and the MFJ 259B antenna analyzer. There will also be a lot of smaller prizes like a G5RV, SWR meter, dummy load, clocks, vertical antenna, mobile antenna, etc.. Sandy, K6HAE, from National Wire and Cable has donated some coax and rotor cable again. They have a very nice web site with all their different products.

If you have not made your reservation for the party at the Proud Bird please do it as soon as possible, you can send me a packet message or email (k6ndv@contesting.com) or call me in the evening (805-949-9833) and we put you on the "list". Cost is $25.00.

The club is still looking for a *BULLetin* editor, if we don't get one soon, January might be the last *BULLetin* you will receive until we have found one. Please let Harvey, W8DX or me know if you are interested in doing this job.

Please keep in mind that elections for our new board will be held at the January meeting. If you would like to nominate someone, please let us know.

It's time to go back to the DX again. I am looking forward to seeing you all at the Christmas party.

...Will, K6NDV

The Deadline for the January *BULLetin* will be January 2nd
Please submit as early as you can!

Packet Spot Iron Cage Free-For-All Derby

by Harvey Shore, K6EXO

This was a record month for spots on the network. A total of 9976. of these, 2279 were made by club members. I have noticed that over half of our members do not make spots. Is this because they are inactive or is it that their XYLs make them take off their shoes so they will not track in the mud and spot the rug? What do you think?

Congratulations to Elliott, WA6TLA, our winner for the month. High scores were almost entirely the result of the CQWW CW test. Good show, gents. You have helped make this a great horse race!

The yearly winner will be announced at the holiday party. As is our custom (came up with the idea last year) the winner will be asked to edit the scoring database. That is, he will have an input to the points/country for the year 1999. This is a humbling project as it will be advertised whenever one of the deserving asks why he gets so many negative points.

Last month the editor published a picture of "Precious", my Cocker Spaniel, in the place where my picture is normally shown. I want to thank him for doing that as not everyone has seen Precious and she deserves a bit of exposure for she is such a good friend. I also want to comment on those SCDXC members that congratulated me on the new way I trimmed my beard — those dolts mistook Precious for ME! I GUARANTEE THEY WILL NOT WIN THE DERBY!

Elections are coming up — vote. Vote often.

MINIPROP PLUS Predictions

by Shel, W6EL

These MINIPROP PLUS predictions for the five prime HF bands show the times when propagation is expected to be best from Los Angeles to several locations that are expected to be active during the coming month. Other times are possible, but with weaker signals or lower probability. Openings are not expected on bands that are not listed. A solar flux of 135, corresponding to a sunspot number of 83, and an average geomagnetic field are assumed. Sunrise/sunset times are at the DX location. All times are UTC.

DX Location:	Band/Best Times:
FT5Z Amsterdam I. - to 12/25 Beam 248 degrees Sunrise/sunset (on 12/11) 2325/1401	40: 1400-1500. Long path around 2300 and 0000-0100. 20: 1500-1700. Long path 2230-0130. 15: 1630-1700 and around 0300.
HS Thailand - 12/6 to 12/20 Beam 314 degrees Sunrise/sunset (on 12/13) 2333/1047	80: 1330-1400 40: 1130-1500. 20: 1600-1830. 15: 1700-1800 and 2300-0130. 10: Around 0000.
KH4 Midway - 12/20 to 1/2 Beam 280 degrees Sunrise/sunset (on 12/27) 1844/0457	80: 0700-1400. 40: 0530-1500. 20: 1730-0400. 15: 1900-0200. 10: 2000-0030.
VK9C Cocos-Keeling - 12/26 to 1/2 Beam 296 degrees Sunrise/sunset (on 12/30) 2314/1156	80: 1300-1400. 40: 1200-1500. Long path 2330-2400. 20: 1600-1900. Long path 2330-0030. 15: 1700-2000 and 2300-0200. 10: 0000-0030.
8Q Maldives - 12/22 to 1/13 Beam 342 degrees Sunrise/sunset (on 1/2) 0119/1305	80: 1330-1430. 40: 1300-1500. 20: 1600-2230 and 0100-0230. Long path 0030-0200. 15: 1700-2130. 10: 1830-1930.

Dot… dot… dot…
By Guglielmo Pookah, E1EIO

Very, very **seldom** will you find the **Pook** at an actual **DX Club** meeting. However, I just had to attend one. Of course, the **smell and the noise** of the Karate Studio across the hall was hard on a rabbit. **Kiiii-ya**! (Right) **Andy, WA6WXD** brought the art of **slide redundancy** to a new high. We got the **picture**, Andy! We were most entertained... Prez **Will** asked the crowd to **point out** anyone who is **announcing DX** on the repeater. **Ernie, N6HY** (Left) responds... **Harvey, W8DX** receives **5-band WAZ**. "Wow, they accepted my **5A** card on **80 meters**. Now I can stop buggin **Ollie** for that **SU2MT** QSO," sez '**DX**... The **Pooker** has been asked about his (its) plans after the **January divestiture**. (Yes, **Pookahz** actually know what words like "**divestiture**" mean)... One may say it's a bit of a "**carrot on a stick**," but your **humble correspondent** is planning on **retirement**. Yes, a small **plot of land** where an **invisible rabbit** can raise up a few **acres of carrots** and live the life of a retired, **gentlehare** farmer. Of course, it will be close to the **clubs and night life** of Las Vegas, and the **pooker tables** where **invisibility** really **pays off**. Of course, there's a **big antenna** and lots of contesting and years and years of **grouchiness** and **sarcasm**. It's **heaven**... To my **one**, dear reader, and my **two** dear contributors, duhhhh, **thankz**...

...Gugli

(The *BULLetin* is not responsible for Pookah's alledged observations. Gugli's portrait by 'Drew Duncan exclusively for the SCDXC *BULLetin*.)

Spill Their Guts

(From Page 1)

cell, they would rot and die of hunger and disease.

Somehow, the group of brave travelers escaped. "Surely it was ze miraclé!" Mansard exclaimed. As the doors of the Airbus 261 opened at the International Terminal, they fell into the arms of loved ones, but refused to be interviewed by the waiting reporters. This scribe has found out that silence may have been a condition of their release. It is believed that they will reveal details of their unbelievable ordeal at the Christmas Party. Or not.

(Blaine Gorlick of Amnesty International was interviewed for this story.)

For Sale:

Heard and Worked

by Mark Weiss, K6FG

Signals don't get to the sunny shores of Southern California like they get everywhere else. Sometimes, a band is open for just a few minutes. Sometimes, a rare country appears at a crazy time or frequency. Here are selected reports from local stations. Be unusual, break a tradition. Send your report for January to the Editor.

Ham Puzzle

by Milt, W6RJO

Here is the December Puzzler. Good luck:

QSL Bureau Volunteer

V.H. Ham now realizes that for him, volunteering to help Region 6 QSL Bureau sort QSL cards was a dumb idea. After a Saturday morning session sorting hundreds of "V" (first letter of suffix) cards, he became mentally and physically numb. He told the bureau chief that he was going home to resuscitate himself, but will (foolishly) take the remaining "V" cards and sort them at home. The chief gave him 1000 cards in five bags (five zip codes), and wrote down for him, on a slip of paper what was in each bag. When V.H. got home, he had a couple too many and couldn't find the tally slips. With his "buzz on", he somehow recalls that the first and second bags together contain 520 cards. In the second and third bag, 430 by his "count". In the third and fourth bag, 340, and in the fourth and fifth, 300. He realizes that he will now, forevermore leave QSL sorting to the professional counters and sorters. How many cards in each bag? Hint: Draw a picture of the five bags lined up with their card amounts. Then, you will see it.

Milt is back with a vengeance. It was our fault - we misplaced last month's puzzler. Is our face red! Milt wasn't being questioned by the FBI after all. In fact, no one knows that teeth-rattling hum in the neighborhood is coming from his cyclotron ...ed

(Send your solution to the BULLetin Editor, email, post, FAX okay)

Letter from Laughlin

Hi from Laughlin, Nevada. I recently decided to put all my ham log entries into a computer log. During this task I noted that I worked “Clipperton Island FO0XB” in 1978. As I was chosen to go on the 1992 Clipperton DXpedition I thought it quite ironic that I did not have a card from Clipperton. I contacted Charlie Spetnagel (W6KK) and asked him who might know the QSL manager for that 1978 expedition. He put me on to our own Don Bostrom, N6IC . He had gone on that expedition. Don advised me to contact F6BFH. I did find an e-mail address for this person, who then advised me that the QSL manager was Mr. Kurt Bindschedler, HB9MX in Switzerland. He, too had an e-mail address, so a note explaining that I needed a QSL for Clipperton in 1978 went out to him. (hb9mx@www.uska.ch). Low and behold, today, November 14, 1998, a card from Kurt arrived. So, who else needs the 1978 Clipperton? Has anyone gotten a QSL card for a contact more than 20 years ago? Send me a note at n7cqq@laughlin.net.

John, N7CQQ
